What is your favorite part about math?

Simple problems

Calculation, playing with numbers

My favorite part about math is when I finally get the solution to a difficult question.

Geometry

Getting to know more ways to solve math problems.

Geometry (and Mr. Cross :)

I like that it is related to real life.

Geometry except trig

Algebra

My favorite part about math would be using graph calculator.

Solving long equations

Most of the part

Nothing

There is always a definite answer

geometry(EXCEPT proves)

geometry(EXCEPT proves)

The proud feeling I get after solving a problem correctly. I also like my teacher:)

getting the answers correct, learning new things

When I understand the formula or idea.

integration

Solving problems that include equations and functions

Critical thinking, using logic, and intense concentration when solving difficult problems.

Creating posters with the math we learn

I have none what so ever.

Algebra; solving x and y through complicated formulas

Using Calculator,

I can mostly follow along and ask for help easily.
